

SITE PLAN LEGEND

- (1) The white dot with the black centre represents the Hydro pole from which our power is drawn (not to scale).
 - (2) The large yellow rectangle is our future clubhouse location.
 - (3) The small yellow rectangle is our washroom building.
 - (4) The blue circle is our swimming pool.
 - (5) The purple rectangle is our sewage holding tank.
 - (6) The numbered white rectangles are seasonal lots. The RM of Brokenhead Building By-law requires that each site be a minimum 40' x 60'. Sites one through ten in "Pine Camp" are approximately 40' x 60' with no buffer zones between sites. Sites eleven through fifteen in "Poplar Camp" are approximately 40' x 60' with 8' treed buffer zones between sites. Sites sixteen through twenty in "Poplar Camp" are approximately 40' x 80' with 8' treed buffer zones between sites.
- The white lines to the west of the clubhouse are spaces for overnight campers.
- (7) The orange dots represent the power distribution points. They are about 200' and 350' from the Hydro pole respectively.
 - (8) The green arrows represent roads with two-way traffic.
